- + 1 plain door, Château-silkscreening on inner side

*This wine cellar guarantees the same ideal conditions offered by the best **traditional underground cellars**. Age effectively your best bottles of wine, protect them and allow them to reach their potential!*

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 10°-32°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 4 shelves. Adding shelves reduce considerably the total capacity.
