

## Premium polyvalent range

### Polyvalent or ageing wine cabinet

**248 bottles\***

**PCLP250**

- Free standing installation
- Cooling system: compressor (static or air moving system)
- Adjustable temperature range of use: 5°-20°C
- Black metal external body
- Black PVC inner liner
- 1 plain door, silkscreened
- Electronic regulation
- 4 fixed metal shelves  
1 fixed metal half shelf  
1 Half metal shelf for vertical bottle

An energy performance in **A class**.

A wine cellar that can be **used according to your needs**:

- in a **polyvalent mode** for service or conservation (different temperature zones)
- in an **ageing mode** thanks to the activation of the fan (one single temperature zone)

A capacity optimized by the half metal shelf offering a **vertical storage** of 12 bottles of 75cl Bordeaux traditional type.

A **modern design** thanks to its outside LED display.

Enhanced protection through the **winter system**.

## Reference: **PCLP250**
